100% made in Britain

The Somerset range is handmade in Britain by experienced craftsman.

Using top quality sustainably-harvested redwood pine, this extensive range combines modern design with traditional cabinet-making skills.

All drawers are constructed using dovetail joints and pine bases, and all cabinets feature pine backs. This quality gives every piece of furniture lasting strength and durability.

Every piece is handmade and can be made-to-measure.

A choice of finishes is available, including waxed, lacquered and painted. Please ask your stockist to see our full colour board and choice of finishes.
